INTELLIBRITE 5g COLOR LED

Introducing colorful poolside nights

IntelliBrite 5g color-changing pool and spa lights feature LED technology - the wave of the future in energy efficiency, lifetime value, quality of light and the ability to control it.

- The brightest and most efficient underwater LED light available.
- Energy efficient - up to 82 % less energy consumption made possible by a custom reflector and unique lens design to eliminate glare and hot spots in the pool.
- Lens can rotate to 180 degrees to provide wide or narrow beam pattern.
- A vibrant spectrum of colors and light shows available.

With **IntelliBrite 5g** combinations of individual colored LEDs are mixed and matched to achieve a vibrant spectrum of colors. These combinations are power sequenced to illuminate and cycle through colors at varying speeds, and in different sequences of color. The result is a virtually endless range of dramatic underwater lighting effects at your command. Poolside nights go from great to spectacular.

- Set one of 5 predetermined fixed colors to match the mood for the evening... and change as desired.
- Select from 7 popular pre-programmed light shows.
